Associated Board of the Royal Schools of Music Music Theory Exam

The Associated Board of the Royal Schools of Music (ABRSM) was established in London, England in 1889 with the aim of presenting a structured, graded music examination scheme with clear objectives and recognized standards of excellence. The ABRSM Theory Program is a self-paced, progressive system of theory instruction in which students work through graded levels of music theory. The final exam is offered three times annually in the United States. It is a proctored test that is sent to the Associated Board offices in London for grading. Students who pass their level test are awarded a certificate from the Associated Board of the Royal Schools of Music.

Exam Date: Saturday March 3, 2006 10:00 am

Registration Deadline: Thursday January 4, 2007

Exam Location: Turnagain Arts Building, 4105 Turnagain Blvd, Suite V
